1. How do you think Paul was able to have joy and thankfulness in spite of being chained and in prison? How do you think his expectations for life are different than yours?
2. Where have you experienced your circumstances being chained (or different than you desired and expected) and how did that challenge your attitude or your view of God?
3. When you think about owning the gospel and being partnered with others in a local church, where do you feel the greatest amount of tension? Is it in applying the gospel to your own life? Is it in linking arms with others in the same community to serve Jesus together?
4. Read Phil 1:6 and 2:12-13
How do you make sense out of God's responsibility and your responsibility in your walk with Jesus?
5. Why do you think owning your spiritual progress is so challenging for you and others to consistently focus on?
