Questions

1. Take some time to discuss some difficult scenarios that you have been in where you felt like you shouldn't be there.
2. Thinking back on these scenarios how would having further understanding of the truth that God is transforming your mind to live rightly in this world helped you navigate these situations? How can it help you moving forward?
3. What are some ways in which you might be tempted to abuse these truths? (Such as thinking that it is wise to be in places that would likely lead you to sin vs. just making you feel uncomfortable with others sin)
4. Read through Romans 12:3-21 and discuss how God is transforming you as he sanctifies you.
